Disclaimer

By receiving these materials and/or attending this presentation, you agree to be bound by the following terms and conditions and acknowledge the statements below.

Neither the Company nor any of its affiliates, directors, officers, agents or employees shall be de have any liability whatsoever for any loss or damage arising from any use of these materials or their contents or otherwise arising in connection with these materials or the presentation. No recipient of these materials or attendee to this presentation should construe the contents of these materials as legal, tax, accounting or investment advice or a recommendation to buy, hold or sell any security, or an offer to sell or a solicitation of offers to purchase any security. Each recipient and attendee should consult its own counsel and tax and financial advisors as to legal and related matters concerning the matters described herein.

These materials contain non-IFRS financial measures used by the Company's management when evaluating results of operations. The Company's management believes these measures also provide useful comparisons of current results of operations with past and future periods. Non-IFRS financial measures do not have any standardized meaning and are therefore unlikely to be comparable to similar measures presented by other companies.

These materials may contain forward-looking statements within the meaning of Section 27A of the US Securities Act of 1933, as amended, and Section 21E of the US Securities Exchange Act of 1934, as amended that reflect the current views and/or expectations of the Company and its management with respect to its performance, business and future events. Forward-looking statements include, without limitation, any statement that may predict, forecast, indicate or imply future results, performance or achievements, and may contain words like "believe", "anticipate", "expect", "envisages", "will likely result", or any other words or phrases of similar meaning. Such statements are subject to a number of risks, uncertainties and assumptions. We caution you that a number of important factors could cause actual results to differ materially from the plans, objectives, expectations, estimates and intentions expressed in this presentation. In no event, neither the Company nor any of its affiliates, directors, officers, agents or employees shall be liable before any third party for any investment or business decision made or action taken in reliance on the information and statements contained in this presentation or for any consequential, special or similar damages.

CAUTIONARY STATEMENT

We present certain data in this presentation, such as oil and gas resources and reserves, that are not prepared in accordance with the United States Securities and Exchange Commission (SEC) guidelines under Subpart 1200 to Regulation S-K, and are not disclosed in documents filed with the SEC, because such resources and reserves do not qualify as proved, probable or possible reserves under Rule 4-10(a) of Regulation S-X.

Our drivers for suppliers

RELATIONSHIP

- Active listening

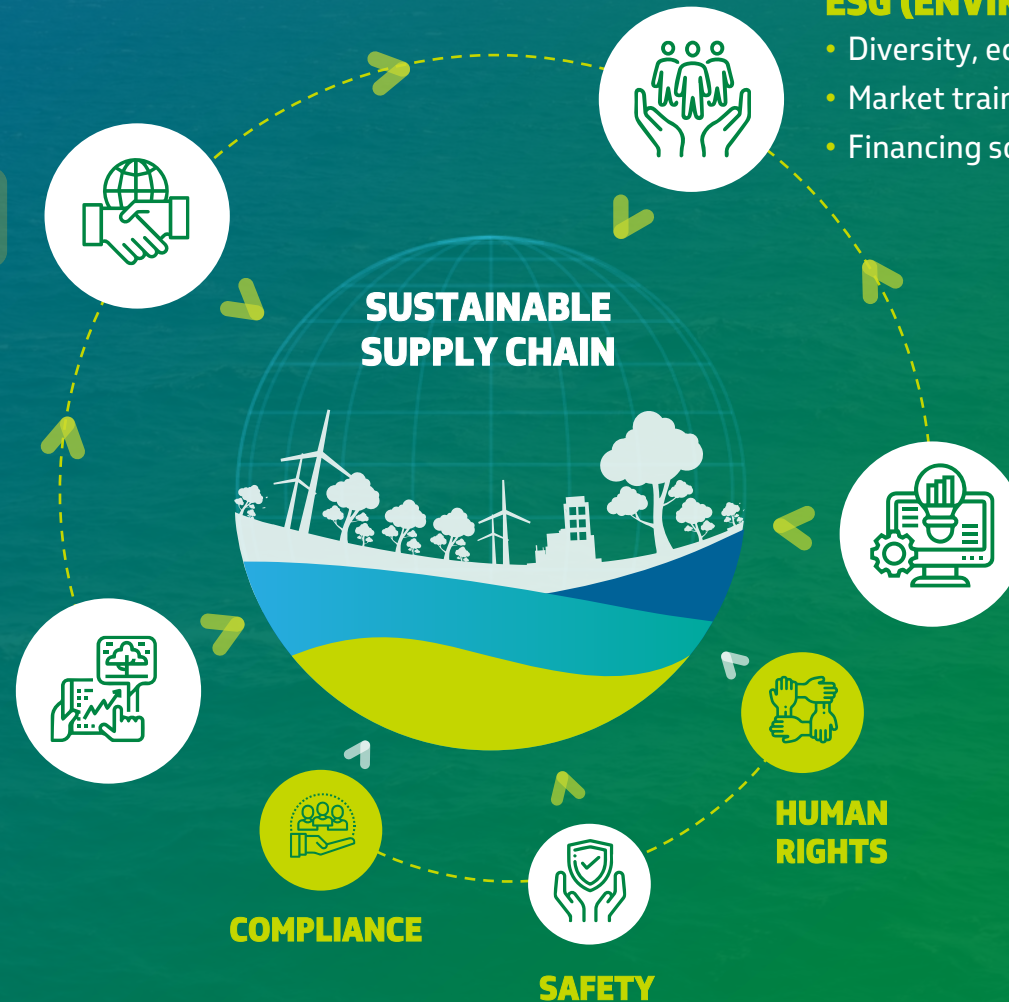

Strengthening of the local supplier base

- Integrated view of the supply chain and predictability

INNOVATION

- New technologies for production development and asset integrity
 - Low-carbon solutions

ESG (ENVIRONMENTAL, SOCIAL AND GOVERNANCE)

- Diversity, equity, and inclusion in contracting
- Market training (ESG knowledge trail)
- Financing solutions (Mais Valor e Progredir)

QUALITY AND HIGH PERFORMANCE

- Timely fulfillment of agreements
- High level of performance and local support
- Recognition

HUMAN RIGHTS

SAFETY

COMPLIANCE

Operational continuity

In addition to the investments foreseen in the Business Plan, Petrobras' solid operational structure, comprising 56 offshore platforms, 10 refineries in operation, 36 owned terminals, 7.768 km of pipelines, among other assets, requires a wide range of services, materials, and equipment to ensure operational continuity.

In 2024, Petrobras contracted the equivalent of approximately **US\$ 35 Bi** distributed across categories of goods and services, from operational to strategic.

Procurement Processes

- Judgment Criteria: lowest total cost by valuing vessels with lower fuel consumption and emission.
- New procurement processes prioritizing hybrid vessels.
- ESG requirements incorporated into Petrobras excellence program (PEOTRAM)
- Vessels prepared to be loaded with Shore Power.
- Engine performance telemetry.
- Anti-fouling paints.
- Automation for greater safety and less exposure to risk.
